All about us

Way In - Counselling Service

A free and confidential counselling service for young people aged between 11 - 25 years and their parents or carers connected to them.

Our counsellors are trained to deal with all issues affecting young people. We do not have all the answers to your problems; however, we believe that with the right support you can find your own solutions to whatever is troubling you. A counselling session is "your space" and will allow you to choose whatever you want to discuss.
